

Tho Whom it may concern,

Please keep K-love on the air.

We listen to K-love via the internet while at work and home and on the car radio and this station has deeply impacted my family by playing uplifting music and their positive attitude.

If we could not pickup this channel it would seriously affect my family.

The fact that this radio station play Christian music has a positive impact on those who listen to it.

Thank you for your consideration.

Sincerley
